

Unwin is the leading name in passenger safety solutions.

As part of our continuous commitment to customer services, we are pleased to offer transport professionals a training session to improve product understanding and promote good practice within our industry.

We recommend that our Head office premises in Martock, Somerset, are used wherever possible as we have all the necessary facilities to hand and available for the training sessions.

Training can sometimes be conducted at your premises for known group sizes within set limits.

Times:

Training will start promptly at 9.00am. We aim to be finished by approximately 4.30pm, however, depending on the group involved this can sometimes over-run.

In-House Training:

Unwin in-house training facility provides a comfortable learning environment for all participants. The fully equipped training room will contain all the latest Unwin products to facilitate a comprehensive training programme.

Should you require it, we are able to suggest a range of local hotel services which are available for those who need to stay overnight. Hotels are not included in the cost of training sessions. We would suggest that you make your own arrangements of reservations to avoid confusion.

Intermediate Training

Our Intermediate Training is aimed at drivers and passenger assistants with experience in the accessible transport sector, who seek to develop their product knowledge or wish to refresh their skills and keep up to date with ongoing product development.

On completion of the Intermediate Training session, you will be fully aware of driver and passenger assistant responsibilities and be able to identify different types of passenger vehicles.

You will also recognise and understand the role of wheelchair types, select and fit Unwin wheelchair tie-downs and occupant restraint systems as well as be able to maintain your equipment and identify defective or worn kit.

At the end of the Intermediate Training session, you will be asked to sit a test aimed to establish that learning has taken place. Details of test performance can be recorded and returned to employer on request.

Our Intermediate Training is run for a maximum of 12 people.

Unwin In-House Training: £100 per person (includes Lunch and refreshments)

Further Details:

For more information on Training sessions, please contact Leslie Mosedale at Unwin on 01935 827740 or email training@unwinsafety.com
